July 24, 2020

Dear West Aurora 129 Families,

We knew when we announced our ***Return to Learn*** plan, that there was the potential for further changes. Today, we have an adjustment to our plan that we would like to share with all of you so that our families can make the most informed decisions as possible.

**All buildings within School District 129 will be offering the option to participate in extracurricular activities, *whether they are held in-person or virtually*, to those students who select either learning model - *the blended learning experience or the virtual learning academy* (assuming they are medically able to participate).**

Extracurriculars are defined as those activities that fall outside of the school day and include athletics, clubs, and activities. Extracurricular activities are not to be confused with specials or elective courses that are offered during the school day, such as art class, concert band, or welding class.

We understand that some of you who have already made your selection may want to make a change in light of this new information. You will be able to do so by calling your home building Monday through Thursday next week.

Again, we thank you for your continued patience, grace, flexibility, and support as we work toward a successful start to the upcoming school year.

Sincerely,  
West Aurora School District 129
